

BUTCHER WEYLER.

At His Work Again Slaying Women and Children.

GREAT REMEDY FOR TYPHOID.

Typus Anti-Toxine Found. A Wonderful Cure.

LITTLE CHILD BURNED TO DEATH.

Havana, Nov. 30.—News has been brought to the city of the most horrible massacre of defenseless women and children by Weyler's men that has occurred since the war began. Three hundred women and children were killed in many instances, being first outraged by the brutal soldiers and then slain. Details are meagre and hard to obtain.

WEYLER'S SCHEME.

Will Base New Bank Notes on the Value of Silver.

London, Nov. 30.—The "Times" correspondent in Havana dwells at length upon Capt. Gen. Weyler's failure to cope with the rebellion. He adds:

"It is said that the present issue of bank notes is to be withdrawn and a new issue based on the value of silver is to be substituted for \$50,000,000 intended for the payment of the troops. As there is no metallic reserve it is safe to predict that these notes will soon fall to a purely nominal value."

The "Times" says in an editorial on the above:

"The gloomy outlook in Cuba makes it impossible to exclude the possibility of some kind of United States intervention."

The intendant has dictated rules to the custom house employees designed to prevent the exportation of any kind of leaf tobacco from any port in the provinces of Matanzas, Santa Clara, Puerto Principe and Santa de Cuba.

Prominent merchants of Pinar del Rio affirm that Antonio Maceo's situation is desperate. His forces they say are half naked and are compelled to wander continually without rest. They are badly nourished, and many of the white in his command have consumption. Maceo's encampments are said to be like hospitals. Many of the negroes, it is alleged, are pale and thin and fever, dysentery and small pox are causing great mortality.

Maceo's men are reported to be in a condition of great fatigue and their enthusiasm is dying out, the prospect of Gen. Weyler's invasion, causing dismay as to the adhesion of the inhabitants to the cause. The chief's murmur and the hopes of victory are turned into the certainty of complete destruction of the forces.

These merchants add that Gen. Weyler is expected to deal a mortal blow to the revolution in Pinar del Rio by the end of the year with good and intelligent direction.

Several well-known insurgent leaders have dynamited a military train running along the trocha from Jucaro to Moron, in the western part of Puerto Principe. Several cars were smashed. The insurgents then attacked an iron-plated car in which was the train's escort of twenty-five men and officers, including a captain and an official of the railroad. An armored engine was sent in pursuit of the column. Col. Arminan arriving upon the scene, the insurgents retreated, leaving eight killed, carrying off of the train had one officer and eight soldiers wounded and two killed. A telegraph line was also wounded.

To Fortify Pensacola.

Pensacola Fla., Nov. 30.—It is rumored in military circles that the troops of the First Artillery, now stationed at various posts on the Gulf and Atlantic coasts, are to be concentrated here for practice with the modern heavy guns which will soon be in position on Santa Rosa Island.

The selection of a site for another battery leaves no doubt in the minds of military men that Pensacola is to be heavily fortified as rapidly as possible, and as the troops need practice in the handling of the modern guns, this harbor is deemed by military men to be the best that could be selected for the purpose. They would have the open Gulf for target, get practice, and at least one thousand men can be comfortably quartered at Fort Barrancas and the navy yard.

Military Store Burned.

Madisonville, Ky., Nov. 30.—Fire discovered early this morning destroyed Murphy's military store, Harlan's photograph gallery and Long's bakery, entailing a loss of \$5,000. The circumstances leave little room to doubt the fire was of incendiary origin.

Great Medical Discovery.

Washington, Nov. 30.—A discovery has been made here through experiments with the germ of typhus which has created a great stir in the medical world. An anti-toxine cultivated from the typhus germ has been found a specific and radical cure for typhoid fever. It is now believed the much dreaded malarial

will prove to have been robbed of its terrors for the future.

A Double Murder.

Roston, Mass., Nov. 30.—H. H. Holmes, while drinking in a saloon this morning engaged in a row with W. H. Jordo. Holmes drew a revolver and shot Jordo through the body, inflicting a mortal wound. After receiving the wound Jordo succeeded in cutting Holmes' throat.

Child Burned to Death.

Rowling Green, Nov. 30.—A two-year-old son of Dr. J. T. Rodgers of this city, was burned so terribly last night that he died this morning after several hours of terrible agony.

The little one passed too near the fire in an open grate and before assistance reached it his little body was literally burned to a crisp. The parents are distracted with grief at the untoward accident.

Gov. Bradley Still Sick.

Lancaster, Ky., Nov. 30.—Gov. Bradley is still sick. It is said that notwithstanding all reports to the contrary the governor is said to be engaged upon a message to the legislature, though he remains non-committal as to any intended action with reference to an extra session.

Lake Steamer Burned.

South Haver, Md., Nov. 30.—The steamer Kalamazoo was burned near here last night, entailing a loss of two lives. The survivors suffered greatly in open boats before reaching shore.

GOV. BRADLEY

Knows Nothing of the Extra Session and Is Not a Candidate.

Lexington, Ky., Nov. 30.—In an interview here last night, Gov. Bradley said he knew nothing about an extra session of the legislature, and that he was not a candidate for United States senator. Further than this he declined to say.

BIG PETITION

Presented to Judge Moss at Dayfield.

Three Hundred Indignant Citizens After Stone's Scalp.

Yesterday at Mayfield a bulky petition was presented to Circuit Judge Moss, asking him to call a special session of the grand jury for the purpose of investigating Jim Stone, the alleged rape fiend, now in jail at Louisville for safe keeping.

There were about 300 names appended to the petition, and when it was handed to Judge Moss, he is reported as having said that his intention all along was to call a special session of the grand jury, but that he deemed it advisable to wait until the excitement had abated. It is likely that some action will be taken in a day or two, but it is thought that the public sentiment against Stone will never be overcome by time.

HARD LUCK STORY.

Matilda Smith Claims She Was "Hoodooed."

Chas. Emery Promised to Find Her Dead Father's Hidden Wealth.

Matilda Smith, colored, of Thirteenth street, near Jones, swore out a warrant for the foreman against Charles Emery, colored, charging him with obtaining money by false pretenses. Emery professes to be a "hoodoo" doctor and all the colored people are afraid of him. He carries peculiar kind of dust, snake teeth, rattle snake skins and different kinds of Equis to him to use in his business. He approached the woman and promised to find the money her father is supposed to have left for the small sum of \$33.

Her father's name was Green Washington, and he died five years ago, formerly being in the employ of Chris Metzker, the butcher. He is supposed to have left considerable money, but it could never be found. Emery agreed to find it. He told the woman that he would have to bury her money in a box with two holes in it, and then the hiding place would be revealed to him. She procured the box and he cut the holes in it. He then gave her a little sack of dust to "keep off evil spirits," and got in addition to the \$33, a ring and White's ointment.

Emery also told her that he was police proof, and that he could get away from all the police by simply waving his hand, and that he had been before Judge Sanders but he always contrived to get acquitted by "hoodooing" the judge. So he stuffed the woman with similar stories and she has not seen him since. It is likely that Emery is out of reach of the officers. He is said to have long made a practice of preying in the superstition and ignorance of some of the colored people.

ELEVEN ABOVE.

The Coldest Night of the Autumn Thus Far.

Last night was a freezer. Everything froze and after church goers reached home few people could be found on the street. This morning N. J. thermometer marked 11 degrees above at 5 o'clock, but still the ice wagons were out. There has been a slight moderation during the day.

CONGRESS.

The Work Before It at the Coming Session.

THE CALENDAR WELL FILLED.

Some of the Important Measures To Be Considered.

WAR CLAIMANTS AGGRESSIVE.

Washington, Nov. 29.—It is not probable that the house at the coming session of congress, which begins a week from tomorrow, can dispose of much of the proposed legislation which incumbers its calendar. Little is usually accomplished at the short session beyond the passage of the regular supply bills. Still the house, with its instrumentalities for the expedition of business, can accomplish a great deal in a brief time. The question of legislation for additional revenues for the government will depend on the senate, to which the house sent the Dingley bill almost a year ago. Should it be impossible or deemed inexpedient to press that measure through the senate, there is, of course, a possibility that the proposal to increase the revenues by an additional tax on beer or the imposition of a duty on tea, coffee, etc., may take tangible form, and if so, such legislation must originate, under the constitution, in the lower branch of congress.

There are on the several calendars of the house, 1465 bills reported from the various committees, and the proportion which will pass at the coming session must be necessarily almost infinitesimal. Most of them are, of course, private bills (of which there are 1100,) but there are also 256 bills on the calendar on the state of the Union and 29 public bills on the regular house calendar.

The bill which, in many respects, is fraught at this time with most interest and which will press hardest for consideration is the Pacific Railroad Funding Bill. The bonds guaranteed by the government are payable early in the coming year, and either an extension or a foreclosure stares the roads in the face. For eight years funding bills have occupied a good share of the attention of Congress. The present bill, of which Mr. Powers, of Virginia, is the author, was reported shortly before the close of the last session. Everything will be done by those interested in it to secure consideration. The friends of the Nicaragua canal are also bending every energy to secure action on the bill reported by Mr. Doolittle, which provides for a guarantee by the United States of \$100,000,000 of bonds for the construction of the canal.

The war claims committee, which showed fight on several occasions at the last session, promises to renew their aggressiveness this winter, especially for the passage of the claims awarded under the Bowman act and the French spoliation claims.

The Loud bill, to cure the abuses of the law relating to second class mail matter, by which newspaper matter is transmitted at 1¢ per pound and which has been the subject of much criticism of the postoffice department because of the advantage taken of the law in various ways for the transmission of books and pamphlets, will also be pressed, as will the Pickler Service pension bill, which occupies a favorable position on the calendar as a privileged report.

Among the other bills are the Wadsworth bill for the creation of a bureau of animal industry, for the inspection of meat and the regulation of the transportation of live stock, the Immigration bill, the Chislering bill for ascertaining the feasibility and cost of a ship canal from the great lakes to the Hudson, several important public land bills for the admission of the territories, and others of special interest to particular localities.

PHOTOGRAPHER PULLED.

M. L. Riley Warranted This Forenoon.

Hester Crutchfield, colored, swore out a warrant for the foreman before Judge Sanders against M. L. Riley, the Third street photograph gallery man, for using insulting language towards her.

She alleges that the bad a misundestanding in regard to some photographs she had paid for. She charges him with saying that she "would go to hell" anyhow; she wasn't anything but an old mutton-head."

The indiscreet photographer afterwards apologized, but this did not pacify the irate Hester. The case will come up tomorrow.

NO. 333 BROADWAY.

How Many Men Will Be Laid Off. It is not known for certain exactly how many men will be laid off at the Illinois Central shops today. Tonight the list will likely be complete.

An official, when asked this morning what the number would be, replied that it would not be less than thirty-four, and that it might be more.

ON THE TRAIL.

Detectives Working up the Sullivan Murder Case.

Detective W. A. Wickliffe and several others are out about Briensburg, Marshall county, trailing down the murderer of Daisy Sullivan. \$300 reward has been offered for the arrest and conviction of the murderer. There is said to be a professional detective down there who is unknown to any one. He is doing his work quietly, and without attracting the least attention or arousing the least suspicion. So far no arrests have been made, but with so many clues it is likely that someone will be charged with the crime.

HEBREW CONVENTION.

Held in Louisville Beginning Tomorrow.

One Hundred and Fifty Delegates Will Attend.

From the Courier-Journal.

For two days this week Louisville will be favored with 150 or more of the most representative Jews in the country. They assemble here as delegates to the biennial convention of the Union of American Hebrew Congregations. The convention will be opened tomorrow morning in the gymnasium hall of the Young Men's Hebrew Association, on First street, between Walnut and Chestnut. The hall has been nicely decorated with flags and bunting, and a stage has been erected at one end.

Mr. Samuel Grabfelder, president of the Adas Israel congregation, has had charge of the arrangements, and has worked faithfully to make the convention a success. The congregation of which he is a member is entitled to twelve delegates, and Mr. Grabfelder appointed the following representatives: Dr. Moses, Henry Kaufman, Charles Goldsmith, N. M. Uri, N. F. Block, Louis Barkhouse, C. J. Rosenham, Alfred Seligman, Julius Barkhouse, Aaron Kohn, Sam Sabel and I. W. Bernheim.

The convention is to hear reports and make rules for the government of Hebrew Union College, of Cincinnati, the biggest Hebrew educational institution in the country, and the one which furnishes ministers for all the Hebrew pulpits in the United States.

This afternoon the Board of Governors of the college will hold a meeting at the Fair House, which is the headquarters for the delegates. Most of the delegates are expected to reach the city during today and tonight. The President of the union is Mr. Julius Freiberg, of Cincinnati, and Mr. Lipman Levy, of the same city, is secretary. Mr. Levy reached the city last night. It is not expected that questions of any great moment will come up for consideration.

THIRTY-SIX MEN.

Arrived at Brooklyn This Morning.

The Work of Tying the Cable Begins in Earnest.

Yesterday morning thirty-six Western Union employees who have been engaged to lay the cable across the river from Brooklyn to Paducah arrived at the latter city and are quartered in a long line of the company's boarding cars at Brooklyn.

Work began in earnest today, and Agent Mulvihill states that the time required to complete the cable will depend on the weather. It will likely be from 30 to 60 days.

IMPORTANT TRANSFER.

Improved Property on South Fourth Sold for \$6,000.

Mrs. Ann Toe McNary today decided to Mr. George Langstaff and wife, for \$6,000, the store house on North Fourth street, now occupied by Hecht Bros.

This is a very valuable piece of property, having a twenty feet front, and is well improved. The price received is considered very good.

Testimonial No. 10.

Mr. Edward Clark, of 704 South Eleventh street, the well-known bridge carpenter, says: "I have been a great sufferer from liver complaint, so bad that my liver was almost brown. I was induced about a week ago to try that remedy, Ronsdale Tonic, and I can truthfully say, although I have used only one bottle, it has made a wonderful change in my whole system and I advise all my friends here in Paducah to call and try one bottle."

EDWARD CLARK.

Try it, reader, today. A \$1 bottle for 25 cents. Office 110 South Third street, Paducah, Ky.

Called Meeting. A call meeting of the McKim club Wednesday evening Dec. 2, at Old Fellows hall, business of great importance will come up. All Republicans are requested to be present.

H. B. DAVIS, Pres.

A. M. CLARK, Secy.

The Case Contested. The case against Attorney Jesse Moss, for failing to work the road, was continued in Justice Winchester's court today until next Monday.

Biggest attraction, biggest display of best pianos tonight. Everybody come. Kimball Piano hall, opposite Palmer House, Broadway.

R. M. SUTHERLIN, Mgr.

CONTEMPLATED CHANGE.

Judge Sanders Decides Another Market Case.

And Makes a Few Relevant Remarks On the Outside.

The case against Mr. E. K. Bonds, charged with placing for sale on the market produce previously purchased inside the corporate limits, was dismissed at the cost of the defendant. Judge Sanders stated that he had decided these in fast house cases so often that he was becoming heartily tired of it. That the law was plain, and yet people persisted in violating it. A man has a right, he says, to purchase produce in Paducah for the purpose of reselling it at his store, but not for the purpose of putting it on the market.

Neither can he take goods from his store, no matter where it was purchased, and place it for resale on the market.

An ordinance will be presented tonight at the council, it is said, which will effect a complete change in the market regulations, and which will allow no one on the market but producers, exclusive of everybody but the farmer and butcher. This plan was in vogue years ago, and is thought to have maintained better results to the consumer than the present system.

MARKETS.

(Reported Daily by Leaf-Vincent, Chicago.)

CHICAGO, Nov. 30.—December wheat opened at \$1 1/4 to \$1 1/8, its highest point was \$2, closed at \$1 1/4 b.
